KEEP IN MIND

- Taxes, fees, and charges on your bill are determined and required by your local and state government to be used at their discretion.
- The fuel charge represents the cost of fuel used to generate electricity. It is a direct pass-through to customers. FPL does not profit from fuel, although higher costs do result in higher state and local taxes and fees.

METER SUMMARY

In the "Meter Summary" section of your bill, you can easily track the specific amount of off-peak and on-peak kilowatt-hours (kWh) utilized for charging your EV. We track this usage through your Wi-Fi connection and exclude any off-peak charging kWh from your total household kWh.

Please note, losing Wi-Fi connectivity for a prolonged period of time could lead to billing inaccuracies. It's important to resolve any Wi-Fi connectivity issues promptly to ensure accurate billing.
