

Energy-saving tools to optimize your business

We offer a range of programs to help you save energy and money. Take advantage of these valuable services to enhance your business's efficiency and discover ways to save:

- » **Business Energy Evaluation (BEE):** Experience a free on-site analysis of your energy usage. An Energy Expert will visit your business, thoroughly evaluating your equipment and energy consumption to identify potential savings opportunities.
- » **Online Business Energy Manager* and Energy Checkup:** Discover the convenience of fast and free online energy analysis. Visit [FPL.com/BizPrograms](https://www.fpl.com/bizprograms), answer a few questions about your business's energy use, and receive personalized energy-saving recommendations.
- » **Business On Call®*:** Enroll your eligible business in Business On Call®. By signing up, you allow FPL to temporarily turn off your air-conditioning system for short periods when necessary. Rest assured that this happens only when absolutely needed. In return for participating, you'll receive a monthly credit on your electric bill, even if On Call is not activated.
- » **Business Lighting:** Upgrade to qualifying high-efficiency lamps and systems to receive valuable rebates for your business lighting solutions.

Take advantage of these valuable tools to optimize your business's energy consumption and maximize savings. Embrace these opportunities and step towards a more efficient and cost-effective future.

For more information on these programs or to see a list of other Business Programs and Services, visit [» FPL.com/bizprograms](https://www.fpl.com/bizprograms). You may also call your FPL Account Manager or FPL's Business Customer Care Center at [» 800-FPL-2434 \(800-375-2434\)](tel:800-375-2434).

Business Energy Manager: Your ultimate energy savings tool

Track, analyze, and control your business' energy usage with the Business Energy Manager.

Understand your energy patterns, break down usage, and discover ways to save on your bill.

Learn different ways to save by tracking your consumption on a monthly, daily, or hourly basis, helping you identify areas to use less and save more.

Take the energy survey to gain even further insight about your business and unlock customized energy-saving recommendations.

Don't let high energy costs weigh down your business. Embrace the Business Energy Manager and explore its many tools at [» FPL.com/bizprograms](https://www.fpl.com/bizprograms)

Winter is coming TOU hours changing

Time-of-use rate hours change in November. Save on your bill by changing timers and operation of equipment to off-peak winter hours:

Monday through Friday, 10 a.m. ET/9 a.m. CT to 6 p.m. ET/5 p.m. CT and 10 p.m. ET/9 p.m. CT to 6 a.m. ET/5 a.m. CT. Maximize savings: [» FPL.com/TOU](https://www.fpl.com/TOU)

Resale of electric service prohibited

The Florida Administrative Code prohibits the resale of electricity for a profit. The actual cost of electricity billed by FPL may be reasonably allocated among tenants, lessees and other entities as long as no profit is made.

Where does your energy come from?

FPL's power comes from a variety of sources, including clean, U.S.-produced natural gas and emissions-free nuclear and solar. Today we're taking steps to substantially increase our investment in cost-effective solar while eliminating our use of coal from Florida.

Our latest fuel mix compared to the rest of the nation:

| FUEL | FPL ¹ | U.S. ² |
|------------------------|------------------|-------------------|
| Natural Gas | 69.6% | 39.8% |
| Nuclear | 20.0% | 18.2% |
| Solar | 5.7% | 3.4% |
| Purchased Power | 4.3% | N/A |
| Coal ³ | 0.4% | 19.5% |
| Oil | 0.1% | 0.6% |
| Wind | N/A | 10.2% |
| Hydroelectric | N/A | 6.2% |
| Other renewables | N/A | 1.7% |
| Other (not classified) | N/A | 0.4% |

¹ Sources of electricity generation for the 12 months between July 2022 and June 2023; figures do not add up to 100% due to rounding

² Major energy sources and percent share of total U.S. electricity generation in 2022 from U.S. Energy Information Administration

³ Coal generation is from units outside the state of Florida
