

Coal Combustion Residuals (CCR) Annual Fugitive Dust Control Report

PLANT NAME: Plant Smith

UNIT: Ash Pond

OWNER/OPERATOR OF FACILITY: Florida Power & Light Company

REPORTING TIMEFRAME: October 19, 2022 to October 19, 2023

PURPOSE: The purpose of this report is to demonstrate compliance with the requirements for the annual CCR fugitive dust control report set forth in 40 CFR § 257.80 (c). This report describes the actions taken by Plant Smith to control CCR fugitive dust, a record of all citizen complaints and if any, a summary of corrective measures taken.

DESCRIBE THE ACTIONS TAKEN TO CONTROL FUGITIVE DUST.

The only activity during the timeframe that had the potential for CCR fugitive dust is the on-going ash pond closure project. This potential was mitigated by multiple dust suppression trucks to wet the roads and construction areas in the immediate vicinity of the on-site CCR surface impoundment. Speed limits were posted to reduce vehicle speeds on all roads. Fugitive emissions at Plant Smith are also regulated under the facility's Title V Air Permit.

HAS THE FACILITY RECEIVED ANY CCR FUGITIVE DUST CITIZEN COMPLAINTS WITHIN THE REPORTING TIMEFRAME?	Yes	<input data-bbox="1623 233 1686 277" type="checkbox"/> No
---	------------	--

IF YES, INCLUDE A RECORD OF ALL CITIZEN COMPLAINTS
